EDGE for Kids, Inc.
7075 Kingspointe Parkway
Suite 4
Orlando, FL 32819
407-996-7075

EDGE for Kids, Inc. is a non-profit foundation dedicated to the development of life management skills for building strong fundamental values in athletes as well as coaches through mentoring via athletic training, next level skill development, and educational information. EDGE for Kids mission is to provide the financial resources, state of the art facilities, and administrative support to attract adolescents and young adults to opportunities for enhancing and applying their athletic skill development and social growth. EDGE for Kids will achieve this by providing individual and small group teaching and coaching for male and female athletes and help promote qualified athletes for athletic scholarships at Division I, Division II, Division III, Junior and NAIA colleges.

EDGE for Kids is designed to educate the 'whole' athlete by providing detailed instruction, personal relationships and installing values that are unmatched in Florida basketball. By concentrating on perfecting the methods necessary for partnering with existing sport organizations in one specific sport initially, EDGE for Kids feels that further growth in other sports will be accomplished more efficiently than the alternative path of undertaking athletic development programs in multiple sports simultaneously.

EDGE for Kids vision is to become the largest and most comprehensive in-season and off-season individual and group basketball training resource in the nation. EDGE for Kids desires to provide the answers to "what sports can provide to the individual athlete?" rather than "what the athlete can provide to the sport?" EDGE for Kids utilizes distribution of usable information in the form of player and coaches handbooks and other informative literature, video analysis, top level instruction and personal mentoring and counseling to achieve the goal of improving each athlete as a player and person and increasing the odds that a EDGE for Kids athlete will be accepted into a college and qualify for either partial or full scholarship funding a college education.
